

**Avoid, reduce, separate  
and recycle waste!**

## REPAIR GUIDE

### Reduce waste – repair instead of discard!

Worn-out leather shoes or a comfy chair in need of a face-lift? Then take a look at [www.reparaturfuehrer.ch](http://www.reparaturfuehrer.ch). It is where tradesmen, artists and institutions offer their repair services.

## KVA APP

The KVA Thurgau app provides you with information on all of the important waste collection and disposal data in your municipality. Push notifications ensure that you never forget when it's time to put your waste out and keep you up to date with the latest news. Available from the App Store for iOS and Android.

## WASTE PREPARATION

### Waste preparation

Please bring your waste to the waste collection point by 7 a.m. on the morning of the collection day.

### Chargeable waste sacks

Place your household waste in the official chargeable waste sacks of KVA Thurgau. Apply bulky item stickers to bulky combustible items and bundles and bring them to the waste collection point.

### Containers for multi-family dwellings

Only deposit official chargeable waste sacks from KVA Thurgau.

### Subterranean waste containers (SWC)

Only deposit official chargeable waste sacks from KVA Thurgau. SWCs can be used at any time. Dumping and depositing bulky items is prohibited. Take bulky items to RAZ recycling points. Information on recycling points and collection services for bulky items is available on 071 626 96 26 or [www.kvatg.ch](http://www.kvatg.ch) ([www.kvatg.ch/dienstleistungen/dienstleistungen/kehrrechtsammeldienst](http://www.kvatg.ch/dienstleistungen/dienstleistungen/kehrrechtsammeldienst)).

### Bulky items

Deposit bulky items and bundles (combustible material only) at public waste collection points.

Apply a bulky item sticker from KVA Thurgau so that it is clearly visible:

- up to 5kg                    1 sticker
- up to 10kg                2 stickers

- up to 20kg                4 stickers
- up to 30kg                6 stickers
- Maximum dimensions: 100 × 70 × 50 cm
- Maximum weight: 30kg

Bundles and single bulky items can be handed over to the collection service on the day of collection.

### Hazardous containers

Flammable and explosive substances such as camping gas and CO<sub>2</sub> bottles do NOT belong in household waste (explosion hazard!).

### The waste collection service will not take away:

- Unsealed or overfilled sacks
- Waste in cardboard boxes and carrier bags
- Recyclable materials (for recycling)
- Paints, liquids, poisons, chemicals and explosive substances
- Biodegradable waste (green waste)
- Non-combustible material

### Special expenses

The authority will charge the additional costs incurred for the disposal of waste that is not properly deposited (at least CHF 50) directly to the person responsible.
