

**Avoid, reduce, separate
and recycle waste!**

REPAIR GUIDE

Reduce waste – repair instead of discard!

Worn-out leather shoes or a comfy chair in need of a face-lift? Then take a look at www.reparaturfuehrer.ch. It is where tradesmen, artists and institutions offer their repair services.

WASTE PREPARATION

Waste preparation

Please bring your waste to the waste collection point by 7 a.m. on the morning of the collection day.

Chargeable waste sacks

Place your household waste in the official chargeable waste sacks of KVA Thurgau.

Containers for multi-family dwellings

Only deposit official chargeable waste sacks from KVA Thurgau.

Subterranean waste containers (SWC)

Only deposit official chargeable waste sacks from KVA Thurgau. SWCs can be used at any time. Dumping and depositing bulky items is prohibited. Take bulky items to RAZ recycling points. Information on recycling points and collection services for bulky items is available on 071 626 96 00 or www.kvatg.ch (www.kvatg.ch/dienstleistungen/dienstleistungen/kehrrechtsmeldedienst).

Hazardous containers

Flammable and explosive substances such as camping gas and CO₂ bottles do NOT belong in household waste (explosion hazard!).

The waste collection service will not take away:

- Unsealed or overfilled sacks
- Overfilled or excessively heavy 800-litre containers in accordance with waste collection service regulations
- Waste in cardboard boxes and carrier bags
- Recyclable materials (for recycling)
- Paints, liquids, poisons, chemicals and explosive substances
- Biodegradable waste (green waste)
- Non-combustible material

Special expenses

The authority will charge the additional costs incurred for the disposal of waste that is not properly deposited (at least CHF 50) directly to the person responsible.

Bulky items

The bulky items collection has been cancelled. Bulky items stamps will therefore no longer be sold.

Bring all combustible bulky items to an RAZ collection point against payment.

Disposal tax / collection tax
www.kvatg.ch / Questions about bulky items

The following waste materials can be delivered directly to RAZ recycling points:

Combustible waste: CHF 204.65 per metric tonne (including VAT)
Minimum charge per delivery: CHF 10.00 (equates to 40kg)

Opening times during holidays:

www.kvatg.ch

WASTE PAPER

The waste paper collection is for: clean waste paper only such as newspapers, magazines, printed matter, books and telephone directories without book covers, etc., bundled together. **Do not deposit them** in cardboard boxes, paper bags or plastic sacks.

The waste paper collection is not for: milk and beverage packaging, coated paper, stickers, carrier bags, labels, plastic, cartons (see under carton), etc.

ALUMINIUM/TIN FOIL

Aluminium cans and tins for animal food, tin foil tubes, etc.: remove the paper and rinse cans and tins under cold water. Dispose of coated packaging and film with the household waste.

Nespresso capsules

Deliver in special collecting containers to RAZ or return to the point of sale.

BATTERIES

Return dry cells, button batteries and rechargeable batteries from household appliances and electrical devices to the sales point or to RAZ or, where available, a municipal collection point.

Return car batteries **free of charge** to dealerships or RAZ.

Do not dispose of battery acid in the canalisation or on the ground!

Lithium batteries should be disposed of separately at specialist retailers or at RAZ.

RUBBLE/CERAMICS

Take small quantities of stoneware, pottery, porcelain, fireproof dishes, plate glass, mirrors, bricks, stones and concrete from households to RAZ or, where available, to a municipal collection point.

Small quantities up to 20kg: per delivery/1x weekly (free)

Larger quantities and commercial: waste advice line 071 262 96 00

PRESSURE VESSELS

Camping gas and CO₂ bottles, balloon gas (heilm bottles) and fire extinguishers could be pressurised and do not belong in the household waste or old metal collection (danger of explosion!)

Return to the point of sale or an RAZ collection point against payment.

ELECTRICAL SCRAP

Electronic devices

Return household, entertainment, office and communication goods and old data and music CDs, DVDs and blue-ray discs without sleeves **free of charge** (vRG) to retailers or RAZ.

GLASS

Drinks bottles and glass jars **separated** by white, brown and green glass. Remove non-glass components made of metal, ceramic and plastic!

Return bottles with a deposit to the sales point.

The glass collection point is not for: crockery/ceramics, window panes or mirrors (see building rubble/ceramics).

Glass disposal only from Mon. – Sat., 7 am – 8 pm

GARDEN WASTE

If possible, use degradable garden and kitchen waste as compost.

Degradable waste collection

As per municipal information (info and collection), see front page

Composting in your garden

Documents, advice and composting courses available from KVA Thurgau, 071 461 23 31 or kompostberatung@kvatg.ch

Course dates and tips

www.kvatg.ch/kompostinfos

HOUSEHOLD WASTE

Dispose of combustible waste that does not require separate disposal or recycling together with your household waste (observe waste disposal symbols). Disposal in a chargeable waste sack issued by KVA Thurgau.

In case of doubt, ask the waste advice line: 071 626 96 00

Changes to waste collection dates on www.kvatg.ch > Aktuell or via the KVA app.

WOOD

Processed timber such as furniture, boards, pallets, old wood from demolition, etc., wet wood. Metal objects must be removed from old railway sleepers.

Pieces must not be longer than 4 metres.

Bring to RAZ collection point against payment.

CARDBOARD

The cardboard collection is for: clean cardboard packaging, corrugated cardboard, etc. (recycling symbol). Press flat and bundle; do not mix with paper; no foreign matter such as adhesive tape, etc.!

The cardboard collection point is not for: books, cartons bearing the household waste symbol, milk and beverage packages.

KUH-BAG

For collecting: clean plastics from the home such as buckets, beakers, food packaging, shampoo and detergent bottles, tetrapak cartons, carrier bags.

The KUH bag collection point is not for: toys, tubes, hoses, dirty food packaging, canisters, bottles used in DIY/garage/garden, PET drinks bottles.

Sale and return points: RAZ or on www.kuh-bag.ch

REFRIGERATORS

Return household refrigerating appliances free of charge (vRG) to specialist retailers or RAZ (official SENS collection points).

Commercial refrigerating devices
Waste advice line 071 626 96 00

LAMPS

Do not break neon tubes, fluorescent lamps, energy-saving lamps, mercury vapour lamps.

Return them free of charge (vRG) to retailers or RAZ or, where available, a municipal collection point.

Dispose of normal light bulbs with your household waste.

METAL

Take scrap iron, non-ferrous metals, pans, bicycles without tyres, machine parts, metal furniture, etc., to the municipal metal collection point or RAZ. Scrap cars to the breakers.

The metal collection point is not for: refrigerating appliances, kitchen hobs, washing machines, electronic scrap, batteries, plastic parts, gas bottles, fire extinguishers, etc.

NEOPHYTES

The bags for neophytes can be obtained free of charge at the municipal or city offices.

Dispose of at the depot (Werkhof) or at an RAZ collection point.

www.neophytensack.ch

OILS

Collect cooking oil and mineral oil (e.g. engine oil) from household use in separate containers. Dispose of them in the appropriate containers. **Do not mix them!**

Use the municipal collection points. Do not dispose of in the canalisation or on the ground!

Small quantities up to 20kg: per delivery/1x weekly (free)
Larger quantities and commercial: RAZ Kreuzlingen 052 742 09 09

PET DRINKS BOTTLES

Return cleaned PET bottles **to the sales point or RAZ** in the collection containers provided (squeeze out the air and screw on the lid).

The PET collection point is not for: plastic shampoo, oil, detergent bottles or dirty PET bottles.

PLASTIC BOTTLES (PE)

This collection point is intended exclusively for resealable plastic bottles from the household.

The plastic bottle collection point is not for:

PET bottles or any bottle used in DIY, garage or garden.

TYRES

RAZ Weinfelden and RAZ Hefenhofen

Return motorcycle, car and tractor tyres without rims to an RAZ collection point against payment (up to 100kg accepted) or return to the point of sale.

Tyres with rims up to car size. Tyres larger than car size will not be accepted!

Costs:

According to the official price list for waste.

Larger quantities, sizes and commercial:

RAZ Frauenfeld Tel. 052 722 25 23
RAZ Kreuzlingen Tel. 052 742 09 09

SPECIAL WASTE / TOXIC MATTER

Chemicals, acid, lye, varnish, paint, solvents, medications, wood and plant protection products, disinfectants, cleaning agents, and waste mercury (thermometers) from households.

Take them to an RAZ collection point for toxic substances or return them to the point of sale against payment depending on article.

Small quantities from households per delivery/1x weekly (free – except for waste subject to payment)

Larger quantities and commercial: RAZ Kreuzlingen 052 742 09 09

POLYSTYRENE / SAGEX INSULATING FOAM

Small quantities of clean, unmixed, odourless polystyrene packaging materials from households (excluding other waste material!) can be disposed of at RAZ recycling points (and certain municipal collection points).

Dispose of loose fill chips with household waste.

Commerce: fee applies

TEXTILES

Dispose of clothing, fabrics and good pairs of shoes in the sacks provided by the collecting organisations as per their instructions, or in municipal collection containers or RAZ collection points where available.

Dispose of these items with your household waste:

unusable and soiled textiles and shoes.

ANIMAL CARCASSES

Take deceased pets without foreign items (collars, plastic sacks, etc.) to the carcass collection point.

Never bury an animal carcass in the woods, throw it into a body of water or dispose of it with household waste!

See municipal section on the front page for disposal instructions
